NOTES.

This Concert will be unique in as far as Kettering is concerned, for the first time Recording in Kettering is actually being carried out, thereby making history for the town.

We have two of the most famous Brass Bands in the world coupled for massed items, and also added interest by solo items by each Band--the programme being interspersed by duets played by representative soloists from each Band.

This Concert also tends to create a good spirit between contesting Bands, as we shall be friendly rivals in September of this year at the Crystal Palace. In Concert work both Bands are out to give their best musical endeavours for the public.

The Records of this Concert are being made by The Regal-Zonophone Co., Ltd., and will later be on sale at all their accredited agents.
